

HDC SETAC YEARLY EVENTS:

ANNUAL SPRING MEETING

HDC-SETAC's largest event of the year; the annual [Spring Meeting](#) is a great opportunity to share you or your organizations research and keep up with others in the local scientific community. In 2022 we are partnering with Chesapeake-Potomac Regional Chapter for a joint meeting in Newark, DE.

SUMMER/WINTER SOCIAL

At least once a year, HDC SETAC tries to hold a summer or winter social where they host a local keynote speaker to discuss a hot topic, current environmental events, or relevant research to the society. If you have any suggestions for a venue, topic, or speaker, contact the board of directors.

FALL WORKSHOP

Traditionally held in the fall, these workshops are traditionally designed to be technical in nature and specific to the proposed topic. Recent meeting topics have included sessions on pore water science, harmful algal bloom research, and regulatory challenges. Look for our September meeting in 2022.

Other ideas for a social meeting or event? Contact the board of directors with your suggestions! Our goal is to coordinate and sponsor meetings relevant to our membership and community.

Thank you for your continued support of the [HDC-SETAC](#) Regional Chapter!

This organization would not be a success if not for our amazing corporate sponsors.

Rev. Jan 2022

Hudson Delaware Chapter of the Society of Environmental Toxicology and Chemistry (HDC SETAC)

CORPORATE SPONSORSHIP BROCHURE

What is SETAC?

SETAC is a nonprofit, worldwide professional society dedicated to developing sound principles and practices for the protection, enhancement, and responsible management of environmental resources. SETAC was founded in 1979 and membership has grown to nearly 6,000 members from 50 U.S. states, 13 Canadian provinces, and more than 70 countries worldwide. SETAC promotes the advancement and application of scientific research related to contaminants and other stressors in the environment, education in the environmental sciences, and the use of science in environmental policy and decision-making.

SETAC is comprised of individuals and institutions representing a balance of academia, industry, consulting, and government, and it provides a forum where scientists, managers, and other professionals focus on multidisciplinary, science-based approaches leading to sustainable environmental quality.

The Hudson/Delaware Chapter of SETAC was founded in 1984 and is comprised of members from Pennsylvania, New Jersey, Delaware, and southeastern New York. Your support helps provide a most important forum for promoting the goals of SETAC within our region. Your sponsorship and involvement is very important to the continued success of the chapter.

What are the benefits of becoming a sponsor?

All sponsors will be recognized in all HDC SETAC material, including emails, website, meeting programs and flyers for one year. Sponsors will be acknowledged from the podium during meetings and throughout the day during breaks and over lunch.

Sustaining Sponsors \$2000 or greater:

- Receive three (3) free registrations to the annual meeting
- Opportunity for one full page ad in program and exhibit table space for promotional materials at meetings.

Full Sponsors \$1000

- Receive two (2) free registrations to the annual meeting
- Opportunity for one half page ad in program and exhibit table space for promotional materials at meetings.

Associate Sponsors \$500:

- Receive one (1) free registration to the annual meeting
- Opportunity for one quarter page ad in program and shared table space for promotional materials at meetings.

How can my organization become a local sponsor?

Renewing Corporate Sponsors and New Corporate Sponsors are encouraged to confirm their commitment by contacting one of the following persons:

Don Nazario nazariodon@gmail.com
Linda Logan linda.logan@terraphase.com
Jennifer Wollenberg
Jennifer.Wollenberg@fticonsulting.com

As a Corporate Sponsor, please also consider sponsoring a local student by donating unused Spring Meeting registrations or providing student travel awards to the local or national meetings. The HDC SETAC Board of Directors would be happy to work with your organization to promote any application or judging process.

YOUR SPONSORSHIP IS VERY
IMPORTANT TO THE CONTINUED
SUCCESS OF OUR CHAPTER.
